

Beauty Devices: U.S. Market Brief

Base Year: 2021

**Published:
December 2021**

10th edition

The reports provides in-depth insights on the performance of the U.S. market for at-home beauty devices in the wake of the coronavirus pandemic. It focuses on market size and growth, opportunities, key skin care concerns, and the competitive landscape.

Regional Coverage: United States

SCOPE

- › Covers non-invasive forms of at-home skin care that mimic results that were once only achieved in doctors' offices, salons, and spas
- › Scopes power-operated devices only
- › Includes beauty devices sold to consumers through all channels of distribution, such as direct sales, mass, prestige, and professional outlets
- › Excludes devices such as hair appliances and waxing equipment; devices and appliances used by physicians and aestheticians in professional outlets; and hair re-growth devices
