

Specialty Ingredients and Excipients for Biologics: Impact of COVID-19 on the Global Market

Base Year: 2019

A special report on the impact of COVID-19 on the global market of specialty chemicals in biologic pharmaceuticals, with forecasts for different scenarios that the industry is likely to face.

**Published:
June 2020**

Regional Coverage: Global

SCOPE

- › A comprehensive analysis of global biopharmaceuticals industry developments and their impact on demand for specialty chemicals in different stages of production, including:
 - Upstream Manufacturing
 - Classic cell culture media, Cell Expression Systems, Cell Culture Ingredients and Supplements, and Buffers
 - Downstream Processing
 - Stabilizers, Surfactants, Salts, Antioxidants, and Buffers
 - Final Formulation
 - Stabilizers and Bulking Agents, Surfactants, Salts, Antioxidants, Buffers, Vaccine Adjuvants, and Chelating Agents
- › This report analyzes four key scenarios of development:
 - CASE 1: mAbs as a cure
 - CASE 2: Vaccine developed
 - CASE 3: Success in Recombinant Technology
 - CASE 4: Small-Molecule Drugs as Winners

TABLE OF CONTENTS

Introduction

- Scope
- Sources
- Assumption
- Research Methodology

Global Outlook

- Outlook of Biopharmaceuticals
- Potential Growth Scenarios
- Biologics Ingredients and Excipients Forecast

COVID-19's Impact on the Biopharmaceutical Industry

- Impact of COVID-19
- Developments in the Drug Pipeline
- Estimated Consumption
- Existing and Future Drug Options

REPORT BENEFITS

This report serves as an excellent resource for manufacturers and suppliers of pharmaceutical raw ingredients. Specifically, it assists subscribers by providing:

Actionable forecasts on the potential impact of COVID-19

Insights into industry developments and likely scenarios

Insights into market behavior in different scenarios

METHODOLOGY

Kline's approach places principal emphasis on primary research techniques to ensure that the foundation of business intelligence and insight is accurate, current, and reliable. Building on our 60-plus years in the business and leveraging our worldwide network of offices, our teams of seasoned professionals draw upon pragmatic industrial and commercial experience to understand and interpret global impacts and local perspectives.
